

## Health Services Committee

# Providing Multilingual and Multicultural Health Information

(VIRTUAL PROGRAM)

Sarah Levin-Lederer, MPH and Bennie Finch, MSW, MLIS of the Network of the National Library of Medicine, will lead this 1-hour course designed to assist librarians in locating culturally relevant health information in the preferred language of the diverse populations you help.

Attendees will learn:

- Background information and unique health issues of refugees and immigrants in the U.S.
- The differences between cultural competence and humility and how they both influence workplace environments.
- How to identify reliable websites that provide quality health information in multiple languages.

**Wednesday June 7th, 2023**

**2-3PM via Zoom**
